

# 1936 Royal Society Expedition to Montserrat - The Archibald Gordon MacGregor Archive - Photographs

From Earthwise

[Jump to navigation](#) [Jump to search](#)

## Introduction

The photographic section of the archive consists of:

- Photograph album: 61 photos
- Loose prints: 135 photos
- 35 mm. views: 11 negatives
- Photomicrographs: 97 negatives and 4 prints
- Glass lantern slides: 105 in two wooden boxes
- Glass lantern slides selected for lectures with notes: 46

The full collection of photographs can be viewed on [Geoscenic](#). Some of the photographs can be viewed below.

[P536847](#) Dr. Archie MacGregor (with pith helmet) from the Geological Survey of Great Britain. Geologist with the 1936 Royal Society Montserrat Expedition. Seismologist, Dr. Cecil F. Powell of Bristol University, Nobel Physics Prize in 1950 for his work on Pi Mesons. Papers in Bristol University Library; Special Collections.

[P536848](#) Dr. T.A. Jagger (right in straw hat) American volcanologist invited by the Royal Society. 1936 Royal Society Montserrat Expedition.

[P536849](#) Coastal cliff. 1936 Royal Society Montserrat Expedition.

[P536850](#) Ships lifeboat, island in background. 1936 Royal Society Montserrat Expedition.

[P536851](#) Dr. T.A. Jagger on right. 1936 Royal Society Montserrat Expedition.
