

# Geology of the Andover area: References

From Earthwise

[Jump to navigation](#) [Jump to search](#)

**This page is part of a category of pages providing a summary of the geology of the Andover district (British Geological Survey Sheet 283), which extends over approximately 600 km<sup>2</sup> of north-west Hampshire and a small part of eastern Wiltshire.**

**Links to other pages in this category can be found at the foot of the page.**
