* *Geotechnical Consulting Group (GCG)*

A large number of individuals have contributed to the project, in terms of work input, and general assistance. Collaborative assistance has also been received from organisations and individuals. In addition to the collection of data, many individuals have freely given their advice. Quarry owners have kindly provided access and assistance to BGS staff. Engineering consultants and contractors have provided valuable information, and in some cases cores and other samples.

All photographs are taken by BGS staff unless otherwise indicated. The photographs of core and other information presented from Union Rail and Channel Tunnel Rail Link are courtesy of HS1 Limited.

The authors would particularly like to thank the following BGS staff:

Prof M Culshaw

Forster, A

Hallam, J

Aldiss, D

Pearce, J

Kemp, S

Knox, R
