

OR/19/024 Acknowledgements

From Earthwise

[Jump to navigation](#) [Jump to search](#)

The authors would like to thank the many individuals (past and present) in BGS who have record the presence of buried valleys across the country. Marieta Garcia-Bajo for her expertise and freely sharing some of the input data from the National Superficial Deposit Thickness Model, which this data complements. Also all the borehole interpreters, without whom this work would have not been possible.
