

OR/19/024 Foreword

From Earthwise

[Jump to navigation](#) [Jump to search](#)

This User Guide describes the content and use of the Geographic Information System (GIS) suite of data relating to the Buried Valleys (onshore). It is designed to provide a better understand of the potential applications and limitations that the suite of data may have. Whilst unlocking the meaning through description of content and terminology used.

A second accompanying open report OR/19/003 describes the scientific detail and parameters used to develop the methodology used is also available. The purpose of this second report is to afford users a better appreciation of how the suite of data has been created.
