

Southern Region Chalk Group

Lithostratigraphy: Bristow et al. (1997) - Culver Chalk

From Earthwise

[Jump to navigation](#) [Jump to search](#)

The Culver Chalk of Mortimore (1986a), broadly equivalent to the combined Tarrant Chalk and Spetisbury Chalk, is retained for areas where the latter two are not separable using feature mapping (Bristow *et al.*, 1997).

Macrofossil Biozonation: (locally) top *O. pilula* Zone & *G. quadrata* Zone (pars)

Correlation: see Correlation with other Southern Region successions

see Correlation with other UK successions
